Commencement Exercises	June 20

FOREWORD

The 1972-1973 school year at Carl Sandburg College was a year of progress for the students and faculty. The final plans were completed for the permanent two story campus building which will encircle an arm of South Lake Storey. Near the site of the present interim campus, a blend of concrete, masonry, glass, and metal will constitute the buildings exterior surface. With the groundbreaking ceremony in early spring, another step was taken towards the completion of the dreams of many.

This yearbook was produced by a few to report the deeds of many. As you turn the pages of this Desiderata, may it bring pleasant memories of the year at Carl Sandburg College.

It must be an election day—small turn-out. Well, just wait a few hours!!

Mr. Agnew referring to notes.

Governor Richard B. Ogilvie, Mr. Agnew, Mrs. Agnew, John Hawkinson, the Inness'.

Ann Anderson, WGIL gets the scoop!

The Vice-President of the United States.

Farm Progress Show September 26-28

Big Day for Galesburg

The Inness family of near Galesburg hosted the annual Farm Progress Show. The show was attended by approximately one-third of a million people represented by many states and a few countries during its days of exhibits of new equipment and field experimenting. On Wednesday afternoon, Vice-President Spiro T. Agnew, Governor Richard B. Ogilvie, and Secretary of Agriculture Earl Butz drove to Galesburg from the Greater Peoria Airport by limousine to give addresses on the future of agribusiness. Many Carl Sandburg, high school, and vocational ag students came to view and greet dignitaries and see new methods of farming for 1973.

CSC students taking pictures at the event and supplying photos were Rick Heath, Rick Suryk, and Ernie Zielke.

Press, Secret Service, Farmers, People!

Sandburg Students Take Advantage of Available Facilities at Knox College

An evening of fun, relaxation, spectacular dives, and occasional "fights".

Swimming Party at Knox

Cross Country Party

When you're out of Schlitz, you're out of beer!!!!

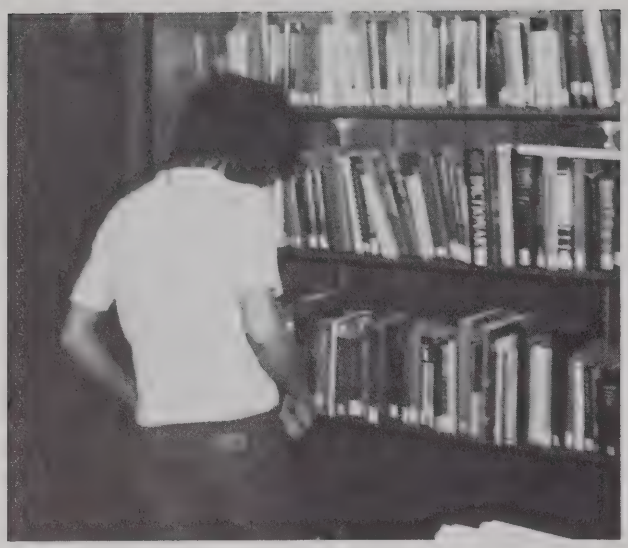

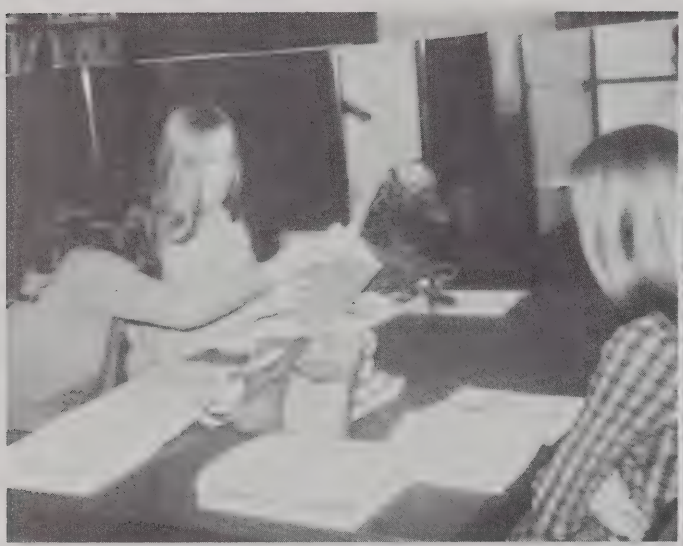

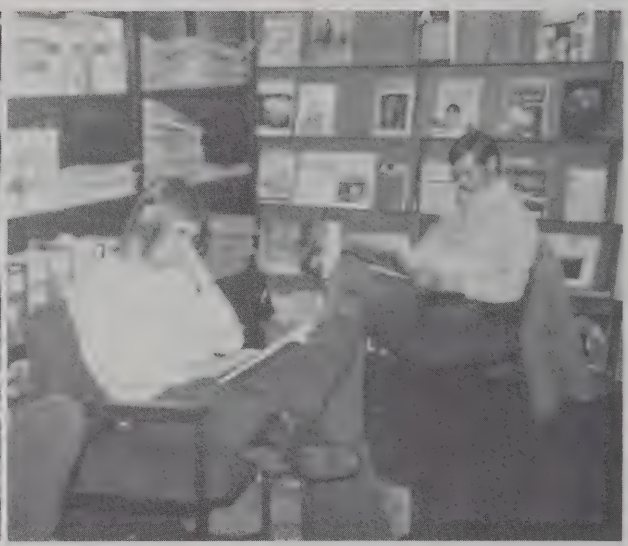

LRC

A student searches for that certain book on reserve needed for a research paper; the girls try to decide which method is best; Bi-weekly reports for Mr. Simpson required time to read "Christian Science Monitor"; Visual aids are handy for students to use.

Remember Those Biology Labs?

After a short quiz, the students and Mr. Wujek go to the lab.

Just a little dab of this and a little dab of that and we've got it! Now what did you say this is? . . .

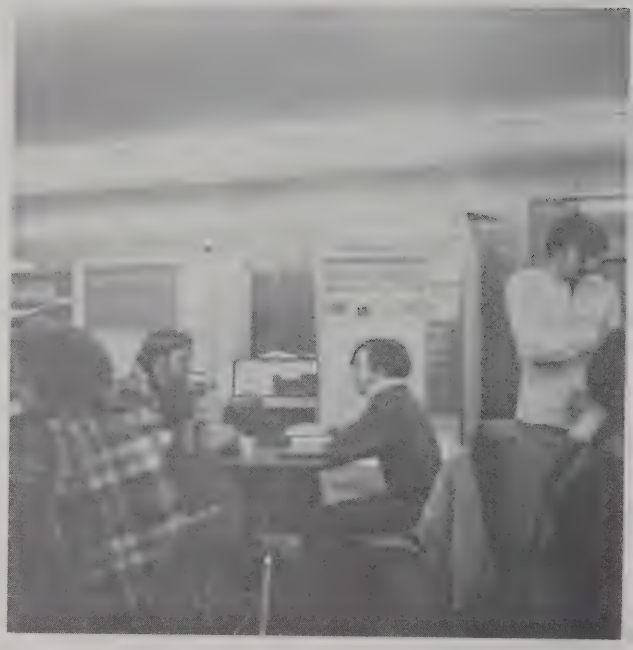

With experiments almost completed, the students begin writing reports.

CSC commuter students filled the parking lot with cars and this year a few bikes. Between classes, the lounge is filled with students having that last minute coke before classes.

Student Lounge

A place for students to get away from the classrooms for a coke, conversation, an occasional game of ping pong . . . The LRC is much better for studying!

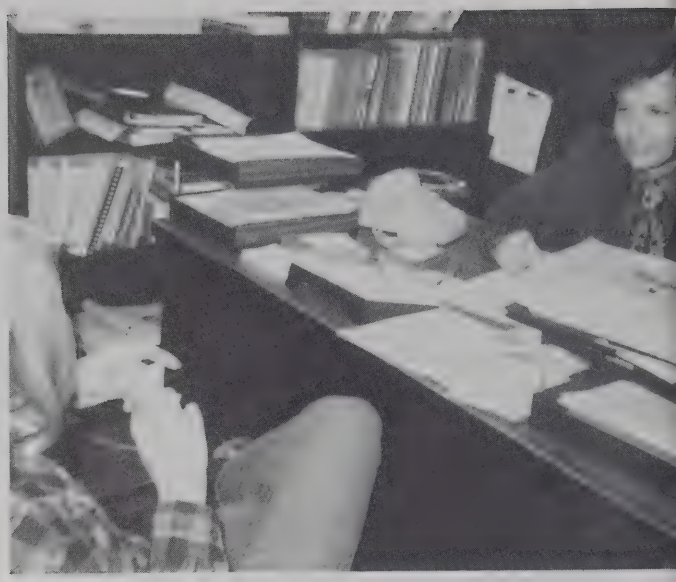

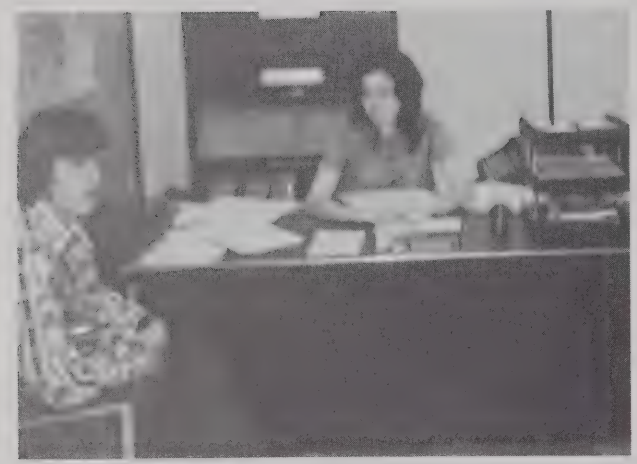

Coordinator of Admissions and Records, Terry Spets (right), interviews a prospective student.

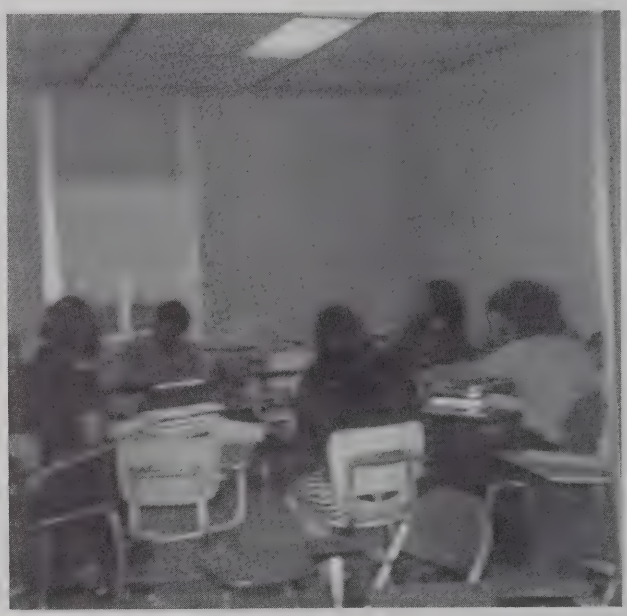

Pat Glasnovich makes an appointment for a student to see a counselor.

Students (below) took advantage of a one hour course, "Development of Human Potential," and received one credit hour in psychology.

Pat Koepke served as a part-time counselor from WIU.

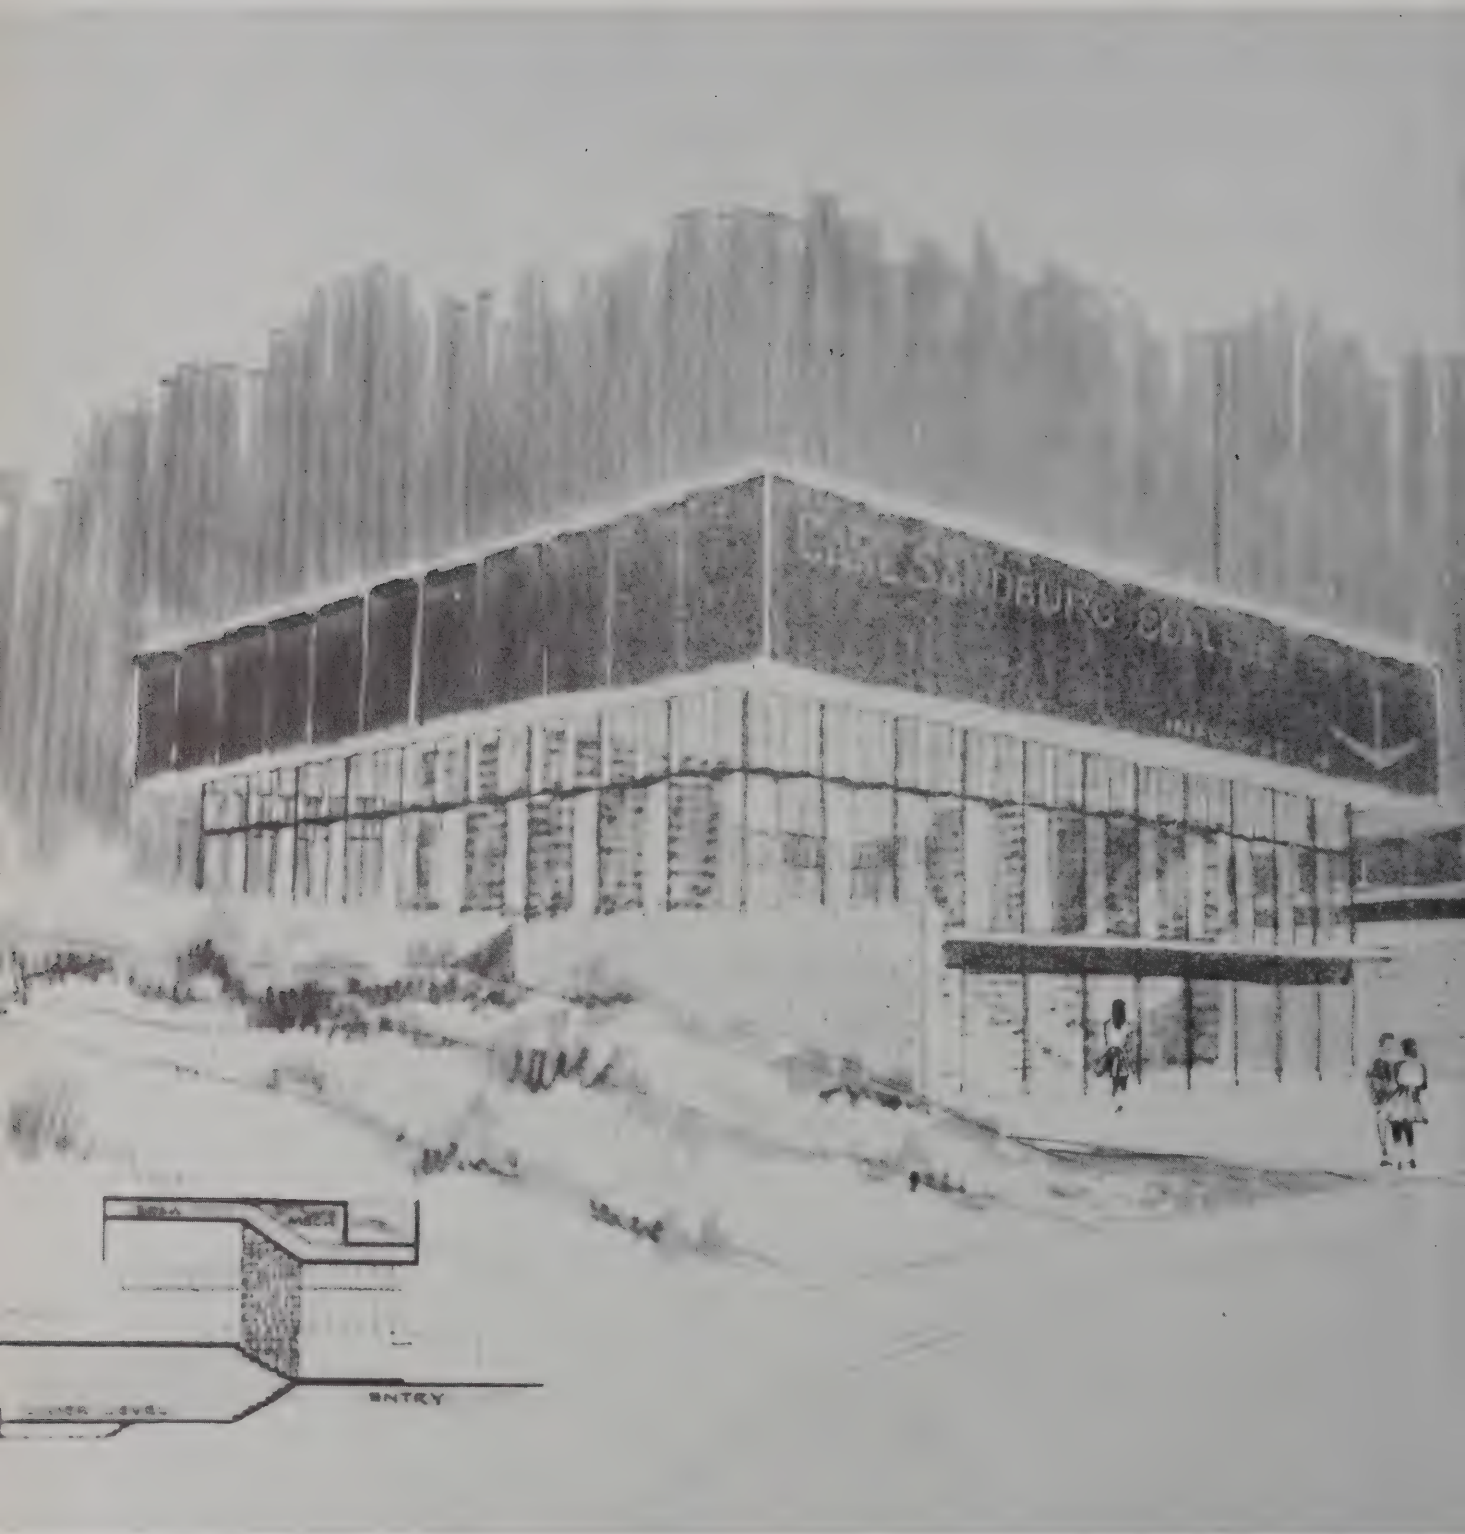

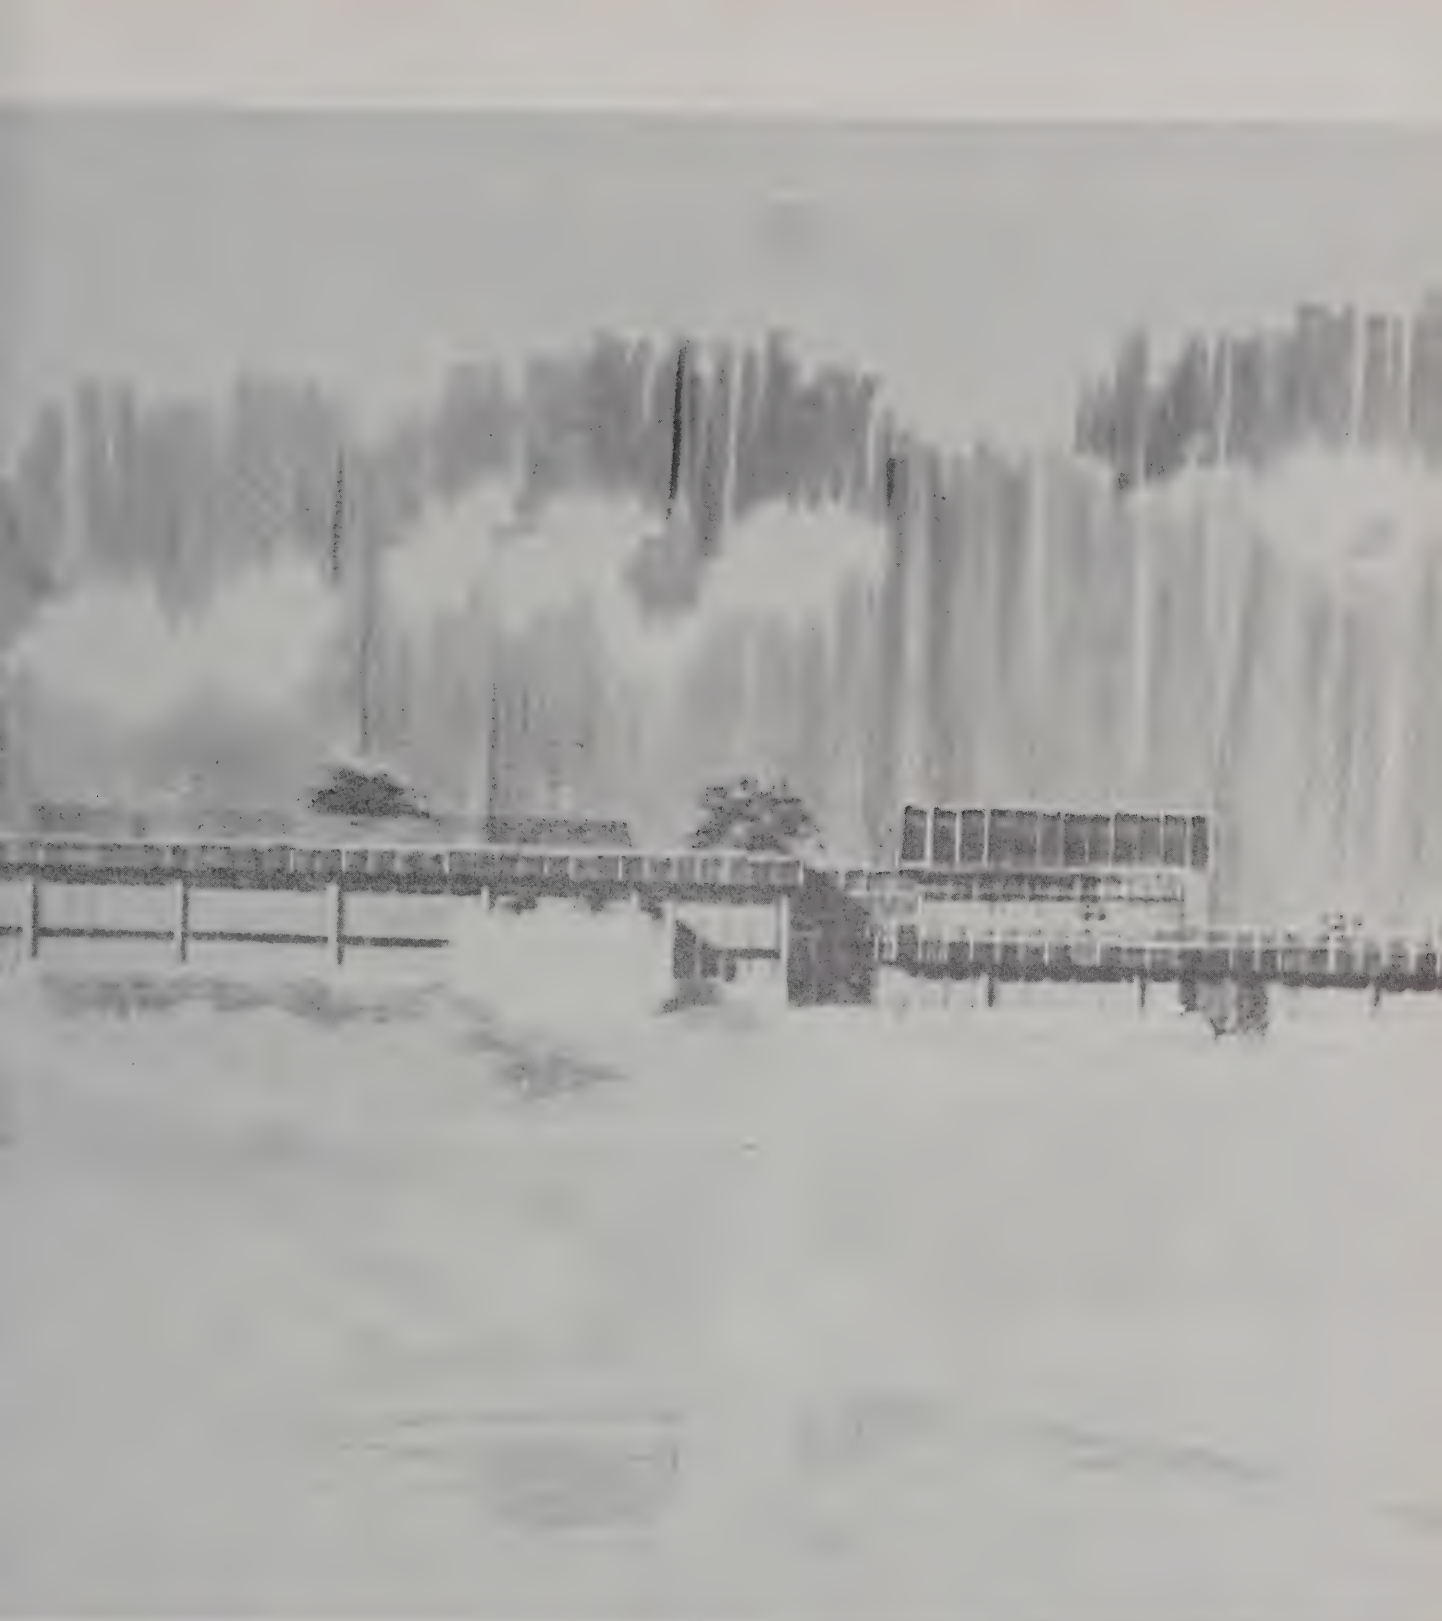

The new facilities for Carl Sandburg College will consist of one building which is composed of five main units, voca tional-technical, science-technology, administration-student services, fine-arts-auditorium, and general classroom unit.

The new structure will be located just to the south-west of the temporary buildings that we have at the present time; built in a semi-circle around an arm of Lake Storey which extends to the south.

The cost of the new structure is $7.3 million—. Of this total $4.8 million will come from the State and $2.5 million from the local bond referendum which was passed in February 1970. The figure includes construction, site development and equipment.

Parking facilities for approximately 1,000 automobiles with expansion possible in the future is planned. There will be four parking areas arranged in a semi-circle to the south of the buildings.

The campus is 108 acres; in addition to buildings and parking lots, there will be athletic fields and courts, as well as agricultural plots and fields. Various sized rooms which can be used for small seminars or large lectures; auditorium will seat approximately 500 persons and will be available for community activities as well as College functions. There will be a cafeteria, quiet student lounge and a game room.

PHI BETA LAMBDA

This is the first official year of the Phi Beta Lambda business fraternity order on campus, with the local chapter being Omega Iota. Last Spring enrollment was nineteen and as of this winter, forty-five are enrolled as active members. This group is one of the most organized and actively participating groups on the Sandburg campus.

The 1972-1973 Officers of our order are Bill Gentle, President; Terri Engholm, Vice-President; Sandy Stephenson, Treasurer; Bev Nolan, Secretary; Bob Ritenhouse, Public Relations; and Tom Karjala, Teacher and Advisor. Many other teachers accompanied the students on field trips.

Phi Beta Lambda is known to have gone on several field trips this past school year. The trips were taken as part of our learning experience in business and was directly related to business and recreation. We toured Libby's which was canning pumpkin in Morton, Illinois in the fall quarter.

The Modern Woodmen Insurance Company of Rock Island, Illinois, the Galesburg Register-Mail of Galesburg, John Deere of Moline, and a final trip to Chicago. Places visited were the District 7 Federal Reserve Bank of Chicago, the Midwest Stock Exchange, and the Chicago Board of Trade. All trips were very interesting and informative.

IS VERY ACTIVE

The President of Phi Beta Lambda from Western Illinois University in Macomb met our group at Meling's in Monmouth for our installation dinner. Mr. K. G. Klinck II represented Carl Sandburg College in place of its President as Mr. Henson had a previous engagement in Springfield in discussing campus building prospects. Members of Western's Phi Beta Lambda came and installed our officers. Mr. Bill Gentle is shown accepting our charter for the new organization.

Teachers and students were present at the banquet. Ham and beef was served. The installation followed with remarks from Mr. Klinck in praising the organization's efforts to recruit and interest students on campus who might be interested in the business field.

Pictured with our group is the President and Secretary of Western's Phi Beta Lambda Chapter. Holding the charter are Terri Engholm and Sandy Stephenson. Second row, Bev Nolan and Bob Ritenhouse. Last row, Mr. Klinck, Bill Gentle, and Tom Karjala. We have an excellent group of officers and have accomplished, I think, more than any other organization on campus.

Before the dinner, everyone seems to be chatting, discussing problems with courses and teachers of course. Bob Rittenhouse has a hand full of money which he seems to be looking at, I'm glad he is not the treasurer. The President of WIU Phi Beta Lambda is telling us a little about the organization, nationally, state-wide, and what the local group can do at Carl Sandburg College in Galesburg. Sandy is pictured below, now she is our treasurer. Very dedicated and with an interest in the club, Sandy is an asset to the business group. Last, but surely not least, is Mr. Treash. Jim Treash, a business teacher has been very dedicated to the group and seems to be more interested in food than anything else at the moment.

Mary Rice, a sophomore coed at Carl Sandburg is enjoying a nice day in March at nearby Lake Storey. The water is freezing, but soon Spring quarter will close and summer will begin.

CSC CHEERLEADING SQUAD

ROSEMARY MEYER

NANCY SELANDER

JEANIE SCHENCK

TERRIE JOHNSON

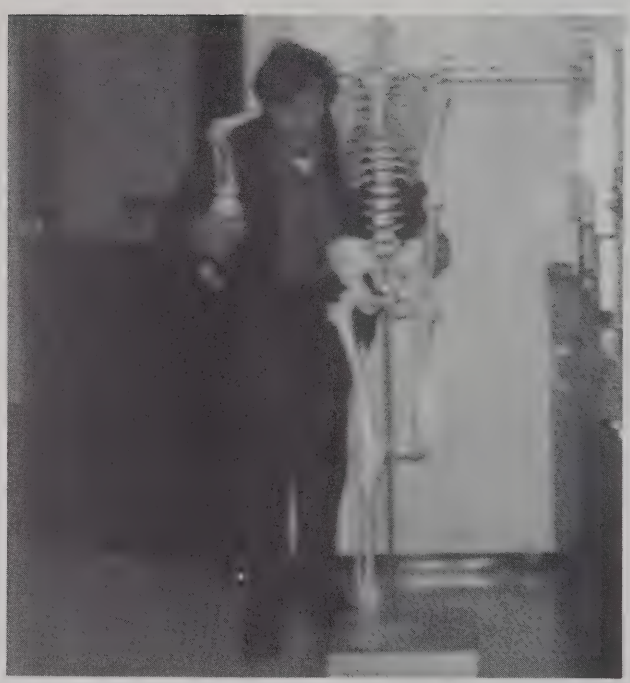

It sure looks like a long way!

Let's form a single line on your own side.

I'd like you to meet a friend of mine when he gets himself together.

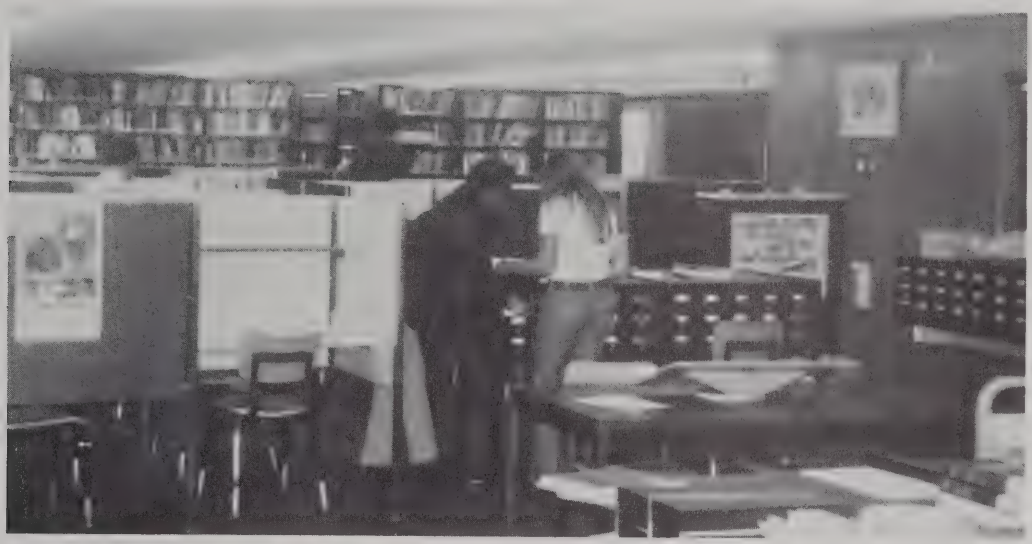

But Mr. Hunigan, I'll turn it in later today.

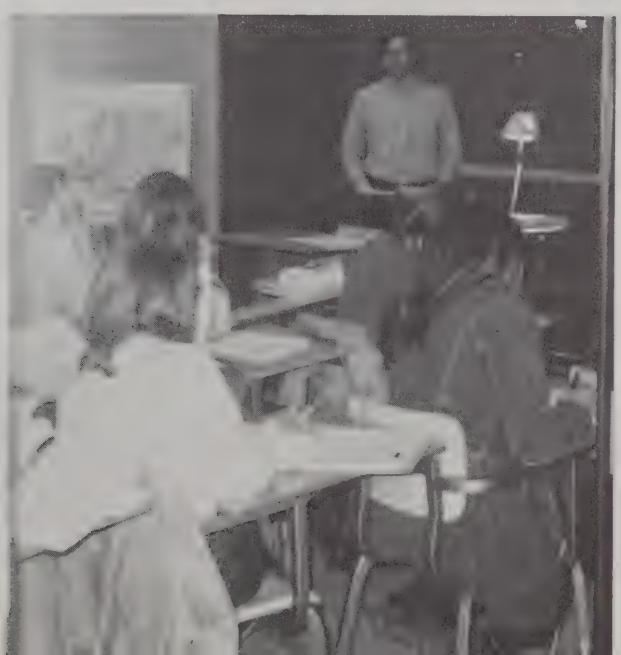

Enlist in the army? I'd rather . . .

Are most people camera shy?

Is anybody really studying?!!!

Don't get disgusted Mr. Simpson, we're taking notes as fast as we can!!

We surely have to mention our agricultural science department. The Vice-President of the United States, the Honorable Spiro T. Agnew, and Secretary of Agriculture, Earl Butz came to Galesburg to view the Farm Progress Show. We live in the heart of the ag belt, ag is important.

A Great Loss To C.S.C.

July 28, 1954 — Oct. 4, 1972

A few weeks ago I stood over a very, very close friend of mine. She was lying so very still, for the first time in my life I saw Jackie Abron with no movement in her body. I have never met another person her age who was as deeply beautiful as Jackie. She was a warm hearted person and a very intelligent person. She spread her love very freely.

Jackie is a great loss to the Black Student Union. She was a very active secretary. One of her main goals was to bring Black and White students closer together. She tried to plan many types of recreation for the students to give them opportunities for fun and relaxation on Friday and Saturday nights.

She was always reaching out helping people. One of her biggest desires was to becoming a nurse where she could always be on hand to help people. When she was living, she was a nurse's aide for Cottage Hospital.

Jackie was not only a great loss to her family, I, too, have lost a great friend that I will never forget. To hundreds of Black and White alike, they, too, will never forget her warm smile or the peace they found within her.

7 WARDS

"There's a Girl
in My Soup!"

Let's write some of our problems on the blackboard.

Our deadline is tomorrow and we have to do something right now.

Hey, that was a real good idea, now who is brave enough to do it.

I am about ready to go to sleep. Is the newspaper about done?

The Red Cross Blood Mobile is a familiar site on campus.

This girl has just given one whole pint of her blood—wow.

On days designated, the door is always open for students to enter.

You know, this exhibit is about as popular as the bloodmobile.

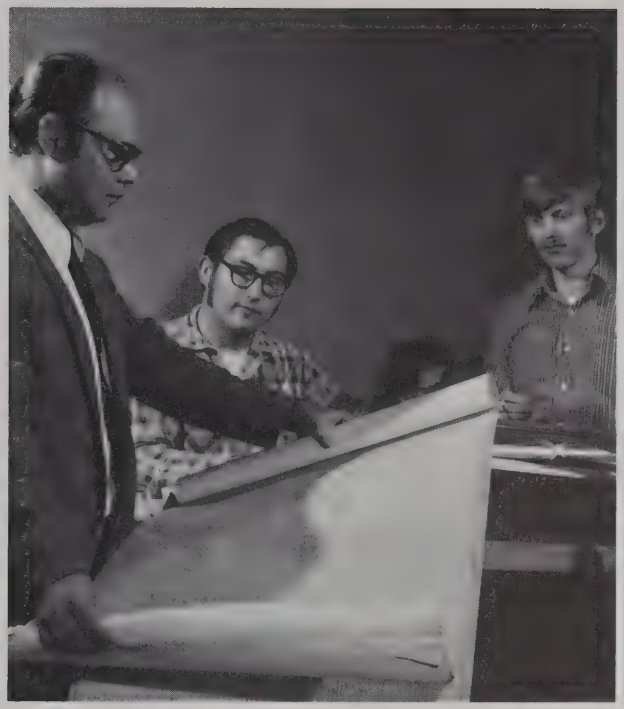

This is the Cosmetology Department of Carl Sandburg College. It meets downtown and is host to a vast and expanding field.

Here are two popular technical departments at the college. Shown are drafting or mechanical drawing and data processing or computer technology.

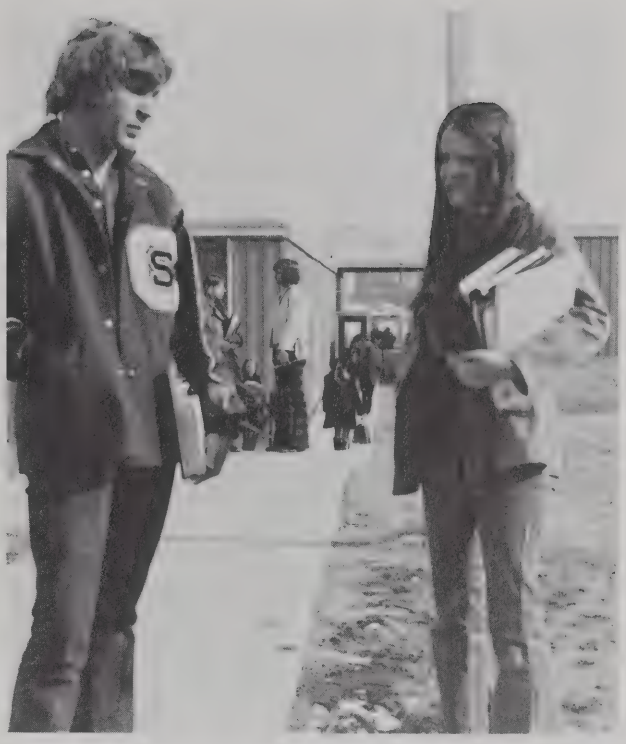

Phi Theta Kappa

FRONT ROW: (left to right) Terry Bradford, Mary Smoots, Louanne Friichtenicht, Charlotte Carlson. SECOND ROW: (left to right) Mrs. Baker (advisor), Chris Fortune, Jerry Pica, Michele Bailey. BACK ROW: (left to right) Connie Baldwin, Gary Kubis.

Whether you are standing on the sidewalk between classes talking to Diane, studying in the library, or in the auto mechanics department, thats student life on a Galesburg junior college campus.

Black Student Union

FRONT ROW: (left to right) Wanda Williams, Mr. Hunigan (advisor), Glays Goodman, Stanley Tate. SECOND ROW: (left to right) Lynn Bates, Denise Foster, Leta Hendricks, Mike Fron. BACK ROW: (left to right) Don Brannon, Nate Mims, Rick Morrow, Olalekon Eyinfunjawa.

I must say that the librarians in the library are sure cooperative; she's cooperating real well with Dan, then Steve, then Dan again, and back to studying.

Vets Club

We are taking a look at our science department. These are chemistry, biology, and botany classes.

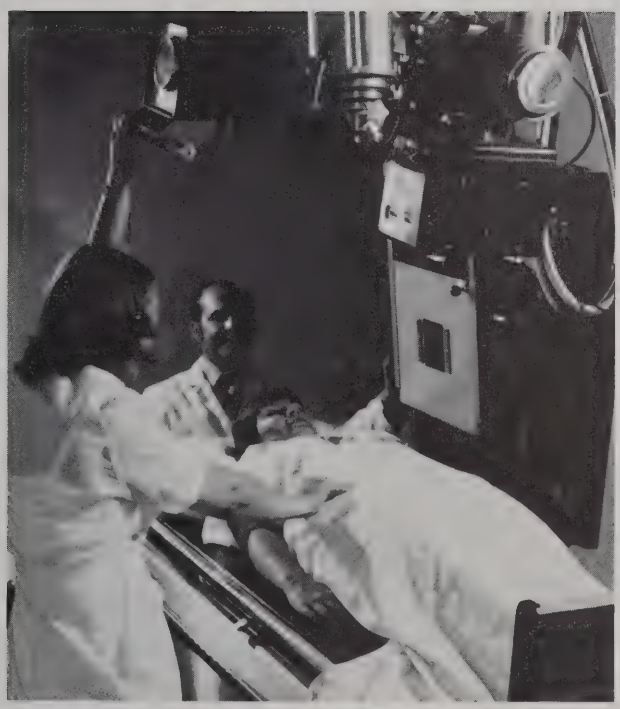

Carl Sandburg is ranked by the North Central College Association as one of the better junior colleges in the state because of its nursing program through the cooperation of Cottage and St. Mary's Trauma Center. Here is the program in action . . .

ATHLETICS

Athletic Director

Carl Sandburg College indeed owes "thanks this year for a job well done" to the man in the foreground of the picture to the left. Mr. William Hungate, along with his regular duties as counseling to individual interest, educational guidance, and achievement of the student body; finds himself as Director of Athletics. His office reflects team pictures and statistical performance sheets and he exemplifies his interest as coach of the basketball team. Bill Hungate represents ability and sportsmanship, recieved the B.S. and M.S. from Western Illinois University, and enjoys counseling and athletics. Other people who have cooperated and helped Bill Hungate are Marwin Nohas, Intramural Program; Bill Simpson, Cross Country; Larry Davis, Tennis; Jim Issacson, Baseball; Joe Stolarick, Golf; and Rick Suryk, who has compiled a sports section for the annual, this his last year. None are as important as Hungate will agree, other than the participants of all sports who seek to always represent the college well in the field of intercollegiate competitive sports!

1972 CSC Cross Country

From l to r: Charlie Deal, Bruce Tracy, Coach Simpson, Charlie Newcomb, Bill Paulos

Carl Sandburg Cross Country is in its second year of intercollegiate competition. Members of the team were Bruce Tracy, Charlie Newcomb, Charlie Deal, Bruce Lincoln, John Shea, and Mike Peck. Coach Simpson went along for moral support . . . no, Bill does a great job with his boys. One could honestly conclude that this year's team did just as good as last year. Seasonal records matched, forfeits matched, although the team did have more parties this year! In the picture to the right, Lake Storey is shown in the background as Charlie Newcomb eagerly comes in to the finish as Mr. Hungate and Harry Grossnan wait for results of times.

The 1972 Cross Country Carl Sandburg overall record was 4 wins against just 10 losses while in conference play it was 4 wins, 6 losses for the season record. Last year CSC was awarded 3rd place, as this year we dropped to a 4th place in the Arrowheat Athletic Conference. The course is North Lake Storey of Galesburg where Bruce Tracy had a time of 21:07 on October 23, 1972. The course is 3.8 miles and the record was originally 21:31 of Black Hawk College on September 23, 1971. Tracy is in the picture below while Newcomb is to the left. Tracy placed 26th out of a hundred in the Region IV Meet, was named to the All Conference Team, and voted the Most Valuable Player. Charlie Deal was the Most Improved Player.

ketball

That's only 2 fouls buddy, not 3!

The Sandburg Chargers completed their regular season with a 13-12 record. They placed in the Arrowhead Athletic Conference with a 4-6 mark. Last year's record was 17-9 while CSC was the Arrowhead Champion with an 8-2 mark.

Final conference standings are Highland 8-2; Kishwaukee 8-2; Black Hawk East 5-5; Carl Sandburg 4-6; Sauk Valley 3-7; and Black Hawk 2-8. These records are revised and final.

The attendance was just as good as last year and enthusiasm was better than average. Students will always remember the games at Corpus Christi Gym; watching the referees more than the players, then watching the players blow a fantastic lead! Everyone had fun—team, managers, cheerleaders, and fans. Next year is a new year and "Yearbook Sports" wishes them the best of luck.

Take this person for example, John Shea, he has just stepped into school, eager to learn and eager to go out and participate in an intramural activity tomorrow morning . . .

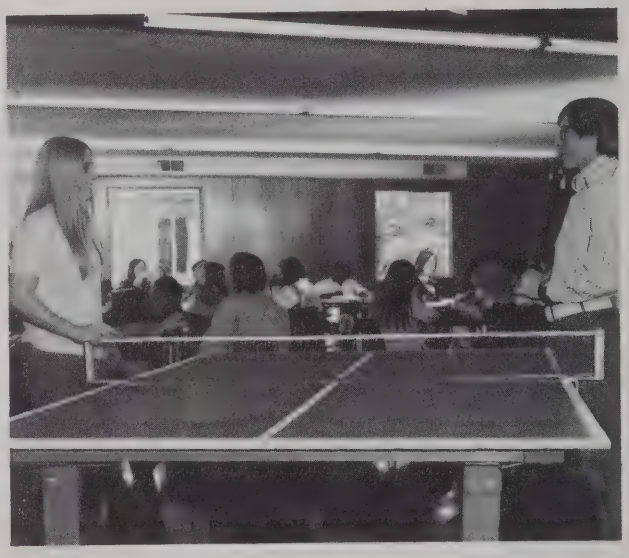

I know you completely wore yourself out in intramurals yesterday so I won't ask you to mow all of the grass, just most of it.

Mr. Nahas is real athletic, whenever he has got a chance, he jumps into a game to try a hand at attempting to beat someone.

Sandy, I really don't know how to tell you this, but . . . there is only one paddle.

INTRAMURALS-COED

Carl Sandburg has quite an intramural program going this year. Its coordinator is Mr. Nahas, which takes time out of his busy schedule to organize an athletic program among members of the student body. There is generally a good turnout for all the activities. The activities include about anything imaginable; if any person desires an activity and submits a list of names, it is sure to be taken into consideration. Swimming parties are usually held at Knox College. Pool, basketball, girls and boys divisions this year, are at Corpus Christi Gym on Saturdays, table tennis is found in the lounge, football at Lake Storey across the road, volleyball and baseball usually are represented well also. These activities are usually on Saturdays or Sundays. We would like to take this opportunity to thank anyone connected with all the activities because everyone had a real swell time participating.

Whether it is getting a strike, aiming for one, or coming close, its the sportsmanship that counts. We are really fortunate to have Northgate Lanes as "our place" for parties, classes, and intramurals. We seem to be indebted to Mickey Marty for his cooperation with our college youths. As we can see, table tennis is very popular on campus. The only really time we miss it is when the Bookstore moves in.

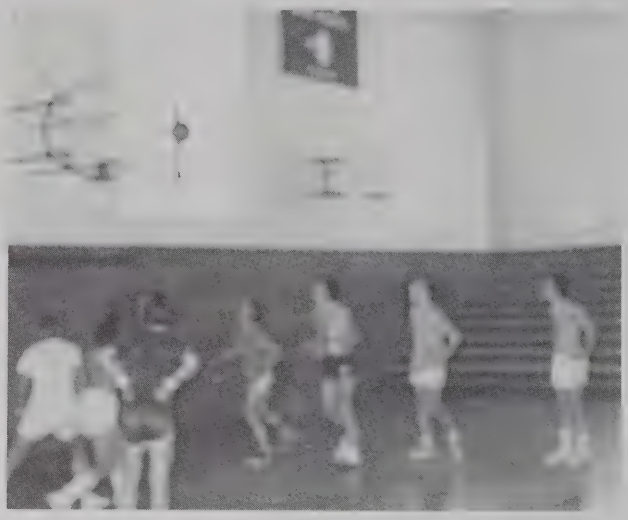

Have you ever saw anyone who has actually landed on their ear?

Well, we are down by 15 points with 5 minutes to play in the game. Wish Duane Spillers could do something, I thought he had experience with the Galesburg Silver Streaks.

You have got fantastic control of your hands, but where is the ball?

Just don't stand there with your hands on your hips, get that rebound, you guys are getting to look like the Carl Sandburg Chargers.

Pssst . . . Visel . . . get ready to grab that ball . . . can you handle it by yourself?

Man, get the———in there, what are my students going to think if I don't at least get 2 points in the game . . . Fred Visel

Dave Lefort, Steve Hamm, Tim Coley, Gary Nicol, Sam Tedrow, Phil Price, and Stan Tate. Second row: Mark George, Roy Parrack, Mike McCanee, Steve Graber, Gary Woodson, Tom Reagor and Jim Isaacson.
